Why don't I see all the troubles you should have?  
Since you are poisoning We The People  
At the end of the day even Jesus had to pay  
With his life  
Or was it for our eternity?

And we're gonna be ashamed  
If you wanna use our names  
To spread your warfare flames

You have transformed to be what I see as an enemy  
You have transformed to be what I see as an enemy

Blessed is he who reads and those who hear  
Every word of this prophecy,  
And keep those things which are written in it clear  
Oh, for the time is near

We're gonna be ashamed  
If you wanna use our names  
To spread your warfare flames

Oh, You have transformed to be what I see as an  
enemy  
You have transformed to be what I see as an enemy

I'm not ready to fight them all tonight  
I'm not ready to hit the grave tonight  
I'm not ready to fly away  
On behalf of your treachery  
I'm not ready to battle them tonight  
I'm not ready to meet the light tonight  
I'm not ready to take them down  
On behalf of your treachery  
Oh, should we consider raising our flags tonight?  
Should we consider raising our flags tonight?  
Or continuing hailing the chiefs  
Despite all their treachery
