Far away
Eternal affection
Far away
Always be true

Far away
Eternal affection
Far away
Always be true

Always be true

Far far away from this world in a different dimension
A long time ago she was born
Into the light of eternal affection
Telling the story to you once more
Look at the stars and you'll see that it's real and your
feelings inside, they will always be true
Bring in your friend to the loving dimension and he'll
be a starchild like me and you

Far far away from this world in a different dimension
A long time ago she was born
Into the light of eternal affection
Telling the story to you once more
Look at the stars and you'll see that it's real and your
feelings inside, they will always be true
Bring in your friend to the loving dimension and he'll
be a starchild like me and you

Far away
Eternal affection
Far away

Always be true

Far away
Eternal affection
Far away
Always be true

Always be true

Always be true
Al...always/ways/ways/ways/
Always be true...

Far far away from this world in a different dimension
A long time ago she was born
Into the light of eternal affection
Telling the story to you once more
Look at the stars and you'll see that it's real and your
feelings inside, they will always be true
Bring in your friend to the loving dimension and he'll
be a starchild like me and you

Far far away from this world in a different dimension

Bring in your friend to the loving dimension and he'll
be a starchild like me and you
