And I know it's time to leave  
They gave their lives to me  
I made songs about  
how much I dislike that place

Looking back, touched by sweet sadness  
Leaving home and seeking out  
I kissed my past good-bye  
and turned to walk out of their will  
It's time to leave

(Yeah!)

I can't deny it was holding me back  
And I can't deny I was kept on track  
And I don't know why I shouldn't leave

I can't deny I was blinded by love  
And I can't deny I needed that shove  
I don't know why I shouldn't leave  
I don't know why I shouldn't leave

It's time to leave (I need this world alone)  
It's time to leave (I need this world alone)  
It's time to leave, leave  
It's time to leave (I need this world alone)  
It's time to leave (I need this world alone)  
It's time to leave, leave

As a child I was protected by love  
As a child I got careless of love  
So I don't know why I shouldn't leave

But now I'm free to do what I want  
And now I'm free to think on my own  
I don't know why I shouldn't leave  
So I don't know why I shouldn't leave

(Come on!)

It's time to leave (I need this world alone)

It's time to leave (I need this world alone)  
It's time to leave, leave  
It's time to leave (I need this world alone)  
It's time to leave (I need this world alone)  
It's time to live, live

And I know it's time to leave  
They gave their lives to me  
I made songs about  
how much I dislike that place  
It's time to leave
