A plastic life inside a plastic world  
No longer feel the fire  
So sanitised, integrity's demise  
It's evil in disguise...

We blindly trust our guiding light  
Following misguided dreams  
What have we done? We've gone too far...

Unwise to the world, we're told what to see  
Force-fed a life so sugary sweet  
Never questioning the world around us  
Never dared to look inside...

[CHORUS:]  
We are lost in the light  
Inner darkness that betrays the night  
Is this the world we wanted?  
Somehow we've lost our way...  
We've lost our way...

Censored thoughts  
So far removed from life  
Everything we see on TV, the music we hear,  
The games we play  
Twisted and diluted to "protect us"  
Is it any wonder our children  
Are looking elsewhere for the truth?  
Feeling the anger rise when they learn  
It's all been lies...

Deprived of the truth, we're told what to feel  
Accepting their words, a world beyond real  
What once began with the best intentions  
Somehow ended up as lies...

[REPEAT CHORUS]
