"No Way Out"

I'm going under
I'm suffocating
Drowning but I'm holding on
What keeps me breathing?
Don't have an answer
I'm drowning but I won't let go

Away now
No way out
Away now
No way out

I've been walking
A lonesome highway
I felt as though I had no home
My bed's been taken
By another
I made the bed, now lie alone

Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away

Away now
No way out
Away now
No way out

Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away

Away now
No way out
Away now
No way out

I'm going under
I'm suffocating

i'm drowning but I'm holding on
What keeps me breathing?
Don't have an answer
I'm drowning but I won't let go

Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away
Keep it away, now motherfucker
Now keep it away
