Eyes of a child  
Watch as the world goes by  
Yet to be torn away  
From innocent times

As time goes by  
We're soon taught to realise  
Our dreams are but dust in the wind  
And innocence dies

Over and over  
We're thrown to the ground  
But over and over  
We're clawing our way back to daylight again

Remember the hunger that burns inside  
Remember the fire within  
Take hold of your dreams with both hands  
And don't let go again...

Sand through our hands  
Time seems to slip away  
Harder to keep the faith  
And face a new day

Over and over  
We fall to our knees  
But over and over  
We know in our hearts that we'll climb to our feet

Remember the hunger that burns inside  
Remember the fire within  
Take hold of your dreams with both hands  
And don't let go  
Search for the strength that beats in your heart  
And search for the hunger inside  
Remember the dreams of a child  
And oh, don't let go again...

Over and over  
We're thrown to the ground

But over and over  
We know in our hearts that these dreams never end
