Help yourself, don't say a thing
Your love won't show
In anything at all
If all you do is talk

Sadly, I remain in need
Of all the things you say
But leave in speak
All you do is talk

Help yourself, don't think
Help yourself, don't speak
Help yourself, don't say a thing at all
You're lucky words don't bleed

You time the end of all we see
You say we're on our way
And all will be
Alone in everything

You say it's all we'll ever need
You've found an easy way
But still you weep
Alone in everything

Help yourself, don't think
Help yourself, don't speak
Help yourself, don't say a thing at all
You're lucky words don't bleed

Help yourself, don't say a thing
What love you show
Won't mean a thing at all
If all you do is talk

Sadly, we remain to see
What brings an end
Is also what we need
All you do is talk

Help yourself, don't think
Help yourself, don't speak

Help yourself, don't say a thing at all
You're lucky words don't bleed
