I'm waiting for you to say  
The words to make me stay  
As you're walking out the door  
My heart steps on the floor  
I never dreamed it'd be  
You make me feel so free  
I'm waiting for you to say  
The words to make me stay  
As you're walking out the door  
My heart steps on the floor  
I never dreamed it'd be  
You make me feel so free

It sure feels like love again  
I wanna feel love again  
It sure feels like love again  
I wanna feel love again

I'm waiting for you to say  
The words to let me stay  
Standing here alone  
I should have never shown  
I never should have dreamed  
The feeling's never free

It sure feels like love again  
I wanna feel love again  
It sure feels like love again  
I wanna feel love again

I'm waiting for you to say  
The words to let me stay  
Standing here alone  
I should have never shown  
I never was the one  
To leave it so undone

It sure feels like love again  
I wanna feel love again  
It sure feels like love again  
I wanna feel
