She said you're killing the light
You'll never see it again
We come to suffer I said
I won't be fooled by the light
I won't be fooled by the lie

The easy road lies in wait
Takes its toll and all it desires
Leads you blind
Leaves you there
Takes your heart and leaves you in silence

Ooh
Look what you've started
Ooh
Look what you've started
Ooh
Look what you've started
Ooh
We're all broken hearted

She said don't leave us behind
We'll never be here again
Our lives are closer this way
I won't be fooled by the light
I won't be fooled by the lie

The easy road lies in wait
Takes its toll and leaves you in silence
Leads you blind
Leaves you there
Takes your heart and all that you wasted

Ooh
Look what you've started
Ooh
Look what you've started
Ooh
Look what you've started
Ooh
We're all broken hearted
