I am so high
I can't look back
I'm waiting
For what comes next
You can't live
This life for me
But I can't, you have control
I can't last
Tonight turns to day
I can't find
The words to say
It all stops
When kingdom comes
You can't, i hear you walking
Suddenly
I was free
You left me without anything
Suddenly
I was free
You shot me in front of everything
Now your all I need
Blue shadows behind your eyes
I wonder who you disguise
Through windows behind the sky
I wonder who you will find
I'm so tired
I can't get back
I'm walking to still come back
With something that I have loved
Well I can't, you have control
Suddenly
I was free
You left me without anything
Suddenly
I was free
You shot me in front of everything
Now your all I see
Blue shadows behind your eyes
I wonder who you disguise
Through windows behind the sky
I wonder who you will find
