I gotta speak and you want to listen up  
But there is no time to feast your eyes  
You want it all but the world won't give it up  
Up to the edge, your star will rise

What is your weapon of choice?  
What's your weapon of choice?  
There is no weapon to free us all

What is your weapon of choice?  
What's your weapon of choice?  
There is no weapon to free us all

I won't waste it, I won't waste it  
I won't waste my love on a nation  
I won't waste it, I won't waste it  
I won't waste my love on a nation

Everyone's got their own split factions  
Every pawn will pay its price  
I've been digging out in all directions  
I'll see you through to the afterlife

What is your weapon of choice?  
What's your weapon of choice?  
There is no weapon to free us all

What is your weapon of choice?  
What's your weapon of choice?  
There is no weapon to free us all

I won't waste it, I won't waste it  
I won't waste my love on a nation  
I won't waste it, I won't waste it  
I won't waste my love on a nation

It's too hard to stand aside  
It's enough to stop your heart

I won't waste it, I won't waste it  
I won't waste my love on a nation  
I won't waste it, I won't waste it

I won't waste my love on a nation

I won't waste it, I won't waste it  
I won't waste my love on a nation  
I won't waste it, I won't waste it  
I won't waste my love on a nation
