The taxman's in the pocketbook
The pressmen are by the bar
And all the world is at your door

It's strange that you should lock it up
And preach an open heart
But you know what they're waiting for

You can turn your face away now
And don't think twice
I'm just the ordinary guy you used to know
I'm not after your money
Or even your advice
I believe you'll follow me
It's all I need to know
(to walk away)

-

I was tempted by the devil in this deep blue swimming
pool
Until the devils makeup ran..
And my future's in the strangle hold of ever changing
rules
I don't intend to understand

You can stop pretending now that I had you fooled
I'm still the ordinary guy you used to know
I'm not after your money
To paralyze my soul
I believe you'll follow me
It's all I need to know
Promise me you'll try to understand before I go
(and walk away)

-

You can turn your face away now
And don't think twice
I'm just the ordinary guy you used to know
I'm not after your money

Or even your advice
I believe you'll follow me
It's all I need to know
Promise me you'll try to understand before I go

All I need to, all I need to, all I need to know
All I need to, all I need to, all I need to know
All I need to, all I need to, all I need to know
All I need to, all I need to, all I need to know
All I need to, all I need to, all I need to know
All I need to, all I need to, all I need to know
All I need to, all I need to, all I need to know
