There was a time I was so afraid  
Of everything people around me said  
That I wanted to hide my face in the shadows

There was a time on a bed of nails  
I was dreaming a plan I thought could not fail  
But no power under the sun could pull it together

I can't take this attitude  
Got to show now I got to move on  
God knows where I'm going to  
Its a lonely burning question

I am I myself alone  
Realize I never need to use No-one  
Money, power, Holy roads.  
Freedom puts my faith in none of the above

If there's a time that we ever see  
The nature of life in reality  
Then I want to be there  
To kick at the answer

I can't take this attitude  
Got to show now I got to move on  
God knows where I'm going to  
Its a lonely burning question

I am I myself alone  
Realize I never need to use No-one  
Money, power, Holy roads.  
Freedom puts my faith in none of the above  
I am I myself alone  
Realize I never need to use No-one  
Money, power, Holy roads.  
Freedom puts my faith in none of the above

MIDDLE

I am I myself alone  
Realize I never need to use No-one

Money, power, Holy roads.  
Freedom puts my faith in none of the above  
I am I myself alone  
Realize I never need to use No-one  
Money, power, Holy roads.  
Freedom puts my faith in none of the above

None of the above  
I stand by none of the above
