In for an evening  
Of light entertainment  
And who would believe you  
Could worry the neighbours?  
Come on over to my place  
Playing with uranium  
If it blows up in your face  
See you on the other side  
Come on over to my place

Playing with uranium  
Reinvent the human race  
You just got the invitation

We go undiscovered  
'Cause people are careless  
One way or another  
They'll never forget us

Come on over to my place  
Playing with uranium  
And if it blows up in your face  
See you on the other side  
Come on over to my place  
Never be the same again  
Reinvent the human race  
You just got the invitation

Playing with uranium  
Playing with uranium  
Never be the same again  
Because we're playing with uranium
