Out on the tar plains, the glides are moving
All looking for a new place to drive
You sit beside me, so newly charming
Sweating dew drops glisten, freshing your side
And the sun drips down bedding heavy behind the
front of your dress all shadowy lined
And the droning engine throbs in time with your
beating heart

Way down the lane away, living for another day
The aphids swarm up in the drifting haze
Swim seagull in the sky towards that hollow western
isle
My envied lady holds you fast in her gaze
And the sun drips down bedding heavy behind the
front of your dress all shadowy lined
And the droning engine throbs in time with your
beating heart
And the sun drips down bedding heavy behind the
front of your dress all shadowy lined
And the droning engine throbs in time with your
beating heart
Sing blue silver

And watching lovers part, I feel you smiling
What glass splinters lie so deep in your mind
To tear out from your eyes with a board to stiffen
brooding lies
But I'll only watch you leave me further behind
And the sun drips down bedding heavy behind the
front of your dress all shadowy lined
And the droning engine throbs in time with your
beating heart
And the sun drips down bedding heavy behind the
front of your dress all shadowy lined
And the droning engine throbs in time with your
beating heart
Sing blue silver
Sing, sing blue silver

There's more to this kind of camouflage

More than just colour and shape

Who's going now, in to a classiomatic?
