"A View To Kill"

Meeting you with a view to a kill face to face
in secret places feel the chill
nightfall covers me but you know the plans I'm
making
still over sea could it be the whole earth
Opening wide
A scared why a mystery gaping inside the weekends
why until we
dance into the fire that fatal kiss is all we need
dance into the fire to fatal sounds of broken
dreams
dance into the fire that fatal kiss is all we need
dance into the fire
chocice for you is a view to a kill between the
Shades assasianation stading still
first crystal tears fall of snowflakes on your
body
first time in years to drench your skin with
lovers rosie stain
a chance to find a phoenix for the flame a
chance to die but can we
dance into the fire that fatal kiss is all we need
dance into the fire to fatal sounds of broken
dreams
dance into the fire that fatal kiss is all we need
dance into the fire when all we see is a view
to a kill
