Guess you know, where I wanna go
Got to see the water flow, try to understand
Got me trapped, playin' with me like a cat
Scrape your fingers down my back, pin me to the
ground

All along the water, baby
Take me to your water, baby
All along your water, babe

All along the water, baby
Take me to your water, baby
All along your water, babe

I'll get by, can't you see I'm burnin' up?
When you come and turn it up, higher every time
If I stay, oh the end is near
Come an' get me out of here, come an' get me now

All along the water, baby
Take me to your water, baby
All along your water, babe

All along the water, baby
Take me to your water, baby
All along your water, babe

Tell me is there any left? I wanna drink it up
I'll drink it up
Baby, if there's any left I'll drink it up
Drink it up, drink it up

All along the water, baby
Take me to your water, baby
All along your water, baby

All along the water, baby
Take me to your water, baby
All along your water, baby

Thirsty for your water, babe
Spanning from your torture, babe

Take me to your water, baby

All along the water, baby
Take me to your water, baby
All along your water, babe

Thirsty from your water, baby
Sliding on your torso, babe
Take me to your water, baby

All along the water, baby
Take me to your water, baby
All along your water, babe

Thirsty for your water, baby
Spanning from your torture, baby
Take me to your water, babe
