All she wants is  
All she wants is  
All she wants is

All she wants is  
All she wants is  
All she wants is

Hey, spend your money on the corner, now  
You know you've gotta save some for the shoeshine,  
boy  
You've been pulling them by the hand inside  
Oh, collecting all your toys

If you need a lead to heaven now  
Just stick around, you're gonna be there  
What do you care? What do you dare?  
What does your heart say, now?

All she wants is  
All she wants is  
All she wants is

Divine intervention, couldn't keep  
The word from leaking out  
With your pleasure in suspension  
Not to mention what you hang it around

If you need a lead to heaven, yeah  
A place to share in every position  
What do you care? What do you dare?  
What does your heart say, now?

All she wants is  
All she wants is  
All she wants is  
More, more, more, guess what?  
Yeah, guess what?

All she wants is  
All she wants is  
All she wants is

All she wants is

All she wants is

All she wants is

All she wants is

All she wants is

All she wants is

All she wants is

All she wants is

All she wants is
