Deliver us from evil
We go with the flow
But here's a little secret
I think you ought to know
Providers and abusers
They know where to go
(Aah)
With Sunday refugees
From Sunday TV shows

Aaa!
(Downtown)
All of the way down
(Downtown)
All of the way downtown
(Downtown)
All of the way down
(Downtown)
All of the way downtown

Aaa, let's sink imagination
Past your wildest wild
(All of the way downtown)
Go way below, below, below
Is it such a crime?
Uh, the uptown can't teach you how to live
They don't have the time
'Coz where I'm gonna take you
Is a state of mine

Aaa!
(Downtown)
All of the way down
(Downtown)
All of the way downtown
(Downtown)
All of the way down
(Downtown)
All of the way downtown

You better learn to use your fire
(Downtown)

You got to use your money
(Downtown)
You better use it all up
(Aah aah)
'Coz you can't take it with you when you're going down

Aah
Ooh
Ha ha ha
Got it
Hey hey hey
Ask me now, ask me
Hey hey hey
Aah
Ooh

You'll never come home babe
You'll never come home babe
And you'll never be alone
All of the way downtown
All of the way

You'll never come home babe
You'll never come home baby
And you'll never be alone
All of the way downtown
(Down down down)
All of the way
(Downtown)

You'll never come home babe
(Down down down)
(Downtown)
You'll never come home baby
And you'll never be alone
All of the way downtown
All of the way
(I never made it downtown)

You'll never come home babe
You'll never come home baby
And you'll never be alone
