Why I see your face  
Moving in the aerospace?  
White light shining, we're all alone  
Scare of flying 'cos here we come

White light, homing in  
The speed of light, moving in  
Faster than light  
Faster than light  
Faster than light

Faster than light  
Faster than light  
Faster than light

You see ways by the door  
Pulling over years before  
White light shining bright, you're all alone  
Scare of flying 'cos here we come

White light, homing in  
The speed of light, moving in  
Faster than light  
Faster than light  
Faster than light

Faster than light  
Faster than light  
Faster than light

Light, light, light, light, light  
Light, light, light, light, light  
Light, light, light, light, light

White light, homing in  
The speed of light, moving in  
Faster than light  
Faster than light  
Faster than light

Faster than light  
Faster than light

Faster than light
