I don't mind, if you're keeping someone else behind  
I don't care  
'Cause you've got something I can share  
Hey, take your chance, even if it's only

Only while we're dancing in the light  
Of your second sight  
Because when you understand me  
You might feel good around me now

I don't want your love to bring me down  
I don't want your love so turn it around

I won't turn you out, if you've got someone else  
Someone else you care about  
Because you must realize  
My obsessive fascination is in your imagination, now  
pick it up

I don't want your love to bring me down  
(I don't want your love, I don't want your love)  
I don't want your love so turn it around  
(I don't want your love, I don't want your love)

Your rhythm is the power, to move me  
It's something you control, completely  
I don't want your love, I don't want your love  
(I don't want your love)

I like noise, 'cause I like waking up the house  
I cannot sit down, I can't shut my mouth  
But when you understand me  
You might feel good around me, now back it up

Your rhythm is the power, to move me  
It's something you control, completely  
I don't want your love, I don't want your love  
(I don't want your love)

I don't want your love to bring me down  
(I don't want your love)  
(I don't want your love, I don't want your love)

I don't want your love so turn it around  
(I don't what your love)  
(I don't what your love, I don't what your love)

I don't want your love  
(I don't what your love)  
I don't want your love  
(I don't what your love)

I don't want your love
