Please please tell me now, please please tell me now  
Please please tell me now, please please tell me now

I made a break I run out yesterday tried to find my  
mountain hideaway  
Maybe next year maybe no go  
I know you're watching me every minute of the day  
yeah  
I've seen the signs and the looks and the pictures that  
give your game away yeah  
There's a dream that strings the road a broken glass  
for us to hold  
And I cut so far before I had to say

Please please tell me now is there something I should  
know  
Is there something I should say that'll make you come  
my way  
Do you feel the same cause you don't let it show

Oh oh, oh, oh people stare and cross the road from me  
oh oh, And jungle drums they all clear the way for me  
Can you read my mind can you see in the snow  
And firey deamons all dance when you walk through  
that door  
Don't say you're easy on me you're about as easy as a  
nuclear war There's a dream that strings the road with  
broken glass for us to hold

And I cut so far before I had to say

Please please tell me now is there something I should  
know  
Is there something I should say that'll make you come  
my way  
Do you feel the same cause you don't let it show

Please please tell me now is there (please please tell  
me now) something I should know  
Is there (please please tell me now) something I should  
say  
That'll (please please tell me now) make you come my

way

Please please tell me now can you see (please please  
tell me now) what makes me blow

Can you (please please tell me now) see how much I'd  
die

Everytime (please please tell me now) it passes by  
Please please tell me now what it (please please tell me  
now) takes to make it show

Is there (please please tell me now) something I should  
know

Is there (please please tell me now) something I should  
know
