Didn't no one tell you
Money is the game?
You're playing so hard to get now
I don't even know your name

Don't play with me, I've nothing to lose
(Khanada, I'll get by)
No ones day, it's coming too soon
(Khanada, I'll get by)

I don't believe in dragons or blues
(Khanada, I'll get by)
I don't believe in nobody's rules
(Khanada, I'll get by)

Heavy as the rain falls
I might go outside
Just because you're with me
Doesn't mean you're not the same

Don't play with me, I've nothing to lose
(Khanada, I'll get by)
No ones day, it's coming too soon
(Khanada, I'll get by)

I don't believe in dragons or blues
(Khanada, I'll get by)
I don't believe in nobody's rules
(Khanada, I'll get by)
