Away from you, away from here
Away from you
Stay for me, stay for me
Stay for me

Baby, I'm really sorry
To break your dream when it's so early
Headlights on your windowpane
They're getting lost in the light of day

Tomorrow is today
And soon my ship will sail

Away from here
To walk a howling sea lane
Stay here for me
Your love is life, for love is land

Baby, just hear my story
Before I leave, before we write the end
Standing across the ocean stream
I'll need to know, I'll need your country then

Tomorrow and today
You keep my landfall safe

Away from here
(Away from here, away from here)
To walk a howling sea lane
(Away from you)
Stay here for me
(Stay for me, stay for me)
I need your love to land

Away from here
(Away from here, away from here)
To walk the howling sea lane
(Away from you)
Stay here for me
(Stay for me, stay for me)
Your love is life, for love is land

Away from here
(Away from here, away from here)
To walk the howling sea lane
(Away from you)
Stay here for me
(Stay for me, stay for me)
I need your love to land
(Stay for me)

Away from here
(Away from here, away from here)
To walk the howling sea lane
(Away from you)
Stay here for me
(Stay for me, stay for me)
Your love is life, for love is land

For love is land, for love is land
Love is land, love is land
Love is land, love is land
Love is land, love is land
