You're nocturnal, only come out at night
And i'm learning all the ways you wanna ride
Cause you're on the road
But not until the darkness arrives
And i'm certain i'll catch up to you one of these times
baby, oh

Can i get my hands on you tonight (I must be feelin'
something)
Something tells me i'm in for a ride (I wonder if u see
me coming)
Can i get my hands on you tonight (Tonight has got me
running)
Something tells me i'm in for a ride (I'm riding into your
night-time world)

Night runner, i think i'm falling for you
Night runner, you got a spell that put me under
Night runner, what you gonna do with it now
Night runner, night, night runner

Night scatters when you walk into the room
I'm the shadow i can feel the heat in you
Should i be surprised?
I feel the possibility
Moving right across to me
It all matters when i'm getting close to you
Yeah yeah, aha

Can i get my hands on you tonight (I must be feelin'
something)

Something tells me i'm in for a ride (I wonder if u see
me coming)
Can i get my hands on you tonight (Tonight has got me
running)
Something tells me i'm in for a ride (I'm riding into your
night-time world)

Night runner, i think i'm falling for you
Night runner, you got a spell that put me under
Night runner, what you gonna do with it now

Night runner, night, night runner

Love is haunting, she want it to go, it's what she told
me

Love is haunting, she want it to go

Night runner, i think i'm falling for you
Night runner, you got a spell that put me under
Night runner, what you gonna do with it now
Night runner, night, night runner

Night runner, i think i'm falling for you
Night runner, you got a spell that put me under
Night runner, what you gonna do with it now
Night runner, night, night runner
