I am, I myself alone
Realize, I never had to use no one
When it comes down to my soul
Freedom puts my faith in none of the above

There was a time I was so afraid
Of everything people around me said
That I wanted to hide my face in the shadows

There was a time on a bed of nails
I was dreaming a plan I thought could not fail
But no power under the sun could pull it together

I can't take this attitude
Got to show now I got to move on
God knows where I'm going to
Its a lonely burning question

I am, I myself alone
Realize I never need to use no one
Money, power, holy roads
Freedom puts my faith in none of the above

If there's a time, that we ever see
The nature of life in reality
'Cause I want to be there
To kick at the answer

I can't take this attitude
Got to show now I got to move on
God knows where I'm going to
Its a lonely burning question

I am, I myself alone
Realize I never need to use no one
Money, power, holy roads
Freedom puts my faith in none of the above

I am, I myself alone
I realize I never need to use no one
When it comes down to my soul
Freedom puts my faith in none of the above

I am, I myself alone
Realize I never need to use no one
Money, power, holy road
Freedom puts my faith in none of the above

I am, I myself alone
I realize I never need to use no one
When it comes down to my soul
Freedom puts my faith in none of the above

None of the above
My faith in none of the above
None of the above
I stand by none of the above
None of the above
I stand by none of the above
