Do You Believe In Shame?

Do you believe in love? Do you believe in shame?
And if love can conquer all then why do we only feel the
pain?

I heard you speak my name heard you singing The
Stones
maybe heard you laughing in a line of static on my
telephone

So why your eyelids are closed, inside a case of rust
And did you have to change all your poets fire into
frozen dust

I've tried to justify it to learn from your mistake
But where's the stupid lie that has to make it's point
with such a
pointless waste

Come out

Do you believe in shame? Do you believe in love?
And if they taste the same would you love again or
abandon both?

I don't think I ever can believe my friend has gone
Keep saying it's alright I'm going to bring you back but I
know I'm wrong

There's nothing I can say there's nothing left to do
It's just that lately I feel so damn lonely when I think of
you

And it may seem selfish now but I'll hold on to the
memory
Until all this fear is washed away
Do you believe in love/ Do you believe in life?
'Cos I believe a little part of you inside of me will never
die
