Just come softly to me
In the shelter of my heart

I watch you from my window
Working this vicious road
You shudder when the wind blows
Girl you're looking beat and cold

Don't know your situation
But you look so alone to me
In my imagination
This is how the message reads

Reaching out for you're love, for you're love babe
Just come softly to me
Reaching out, calling out for you're love, for you're love
babe
In the shelter of my heart

Trust my intuition
You're the one I've got to know
I give without condition
Wouldn't try to save you're soul

Money or reputation
Doesn't mean a thing to me
Special communication
It's the only thing we need

Reaching out, calling out
Just come softly to me
Calling out, hear me now
In the shelter of my heart

Reaching out, calling out for you're love, babe
In the shelter of my heart
Reaching out, calling out for you're love, for you're love
babe
Just come softly to me

Here there is no hurt to feel
Here is safe for lips unsealed

In the shelter of my heart

Reaching out, for your love, for your love babe

Just come softly to me

Reaching out, calling out for your love, for your love
babe

In the shelter of my heart

Reaching out, hear me now

Calling out, do you read me?

Reaching out, hear me now

Calling out, do you read me?

Reaching out, hear me now

Calling out, do you read me?
