Rock-a-bye baby
It's time to break
Habits that you've faced
Sweet sorrow while the cherished dead

Blow in my mouth
Every breath I take
Although I need you
I don't want to bleed for you

So long suicide
Goin' right outta sight, outta mind
Leave me alone and abandoned

Hello, I'm alive
I'm lone and alive
And I know in my bones
I know what I'm good for

Hello I'm alive
I'm lone and alive
Yes I know, in my bones
I know what I'm doing

I stole the beauty
And taste the hurt
There's always time for pretty flowers
Growing in the dirt

But time is your needle
Into my heart
And I must be hollow
'Cause I can't follow there

So long suicide
Goin' right outta sight, outta mind
Leave me alone and abandoned

Hello, I'm alive
I'm lone and alive
And I know in my bones
I know what I'm good for

Hello I'm alive
I'm lone and alive
Yes I know, in my bones
I know what I'm doing

I'm scared of being ordinary
But I swear to live like anyone
And you know it's hard to make it
But a light goes on

And after all the crash and swell
We are just human

And after all is said and done
We're only human
You're out of sight and out of mind
I'm saying so long suicide

The half dream shape of yesterday
In bloom tomorrow
