Is There Something I Should Know?

please please tell me now please please tell me now
please please tell me now please please tell me now

I made a break I run out yesterday
tried to find my mountain hideaway
maybe next year maybe no go
I know you're watching me every minute of the day
yeah
I've seen the signs and the looks and the pictures they
give your game
away yeah
there's a dream that strings the road with broken glass
for us to hold
and I cut so far before I had to stay

please please tell me now is there something i should
know
is there something I should say that would make you
come my way
do you feel the same 'cos you don't let it show

people stare and cross the road from me
and jungle drums they all clear the way for me
can you read my mind can you see in the snow
and fiery demons all dance when you walk through that
door
don't say you're easy on me you're about as easy as a
nuclear war
cos the dream that strings the road with broken glass
for us to hold
and I got so far before I had to say

please please tell me now is there something I should
know
is there something I should say that would make you
come my way
do you feel the same 'cos you don't let it show

please please tell me now is tehre something I should

know
please please tell me now can you see what makes me
blow
please please tell me now is there something I should
know
is there something i should say that would make you
come my way
