Waking out of nowhere and I let you in  
Till my imagination went for a spin  
I've seen you every night, been making out since then  
And still I wonder why everybody's saying that ice is thin

And I think I know you just a little bit by now  
And I think I can show you  
You see baby, I don't want to fight about it

Send down your rain, then who's to blame  
And you'll understand  
Because it's much too late to change

Awaken to this hunger and then watch my heat  
Grow paler than the moonlight, that you made me eat  
And if we run our lives along a one way street  
We'll always wonder why every time it still tastes just as sweet

And I think I know you just a little bit by now  
And I think I can show you  
You see baby, I don't want to fight about it

Send down your rain, then who's to blame  
And you'll understand  
Because it's much too late to change  
I will explain, we're too much the same  
No I won't leave because it's just too late Marlene

You see baby, I don't want to fight about it

Send down your rain, then who's to blame  
And you'll understand  
Because it's much too late to change  
I will explain, we're too much the same  
No I won't leave because it's just too late Marlene

Too late, too late, too late Marlene  
Too late, too late, too late Marlene  
Too late, too late, too late Marlene
