(Brixton, 10.05.2002)

I am the virus,
I am a siren in the rain.
I am a courier bring the
Spiral into your brain.
Alter connections, encoding now,
Intial sequence is loading down
Into the BIOS
Into the BIOS
Into the BIOS

When I interface
Difference erase.
Nothing will remain.
Everything will change forever.
Viral subdivide
Target and align
The message will survive
Everything will change forever.
Boohoo, haha

I am the virus
I lay a coil around your spine.
I bring the silence,
I am protection for your mind.
Alter connections, encoding now,
Intital sequence is loading down
Into the BIOS
Into the BIOS
Into the BIOS

When I interface
Difference erase.
Nothing will remain.
Everything will change forever.
Viral subdivide
Target and align
The message will survive
Everything will change forever.
Boohoo, haha
