Dying, don't you worry  
It's enough we're growing up in such a hurry  
Brings you down and use the sailor  
To put in your mind did all man kind is a failure

That nobody knows whats gonna happen tomorrow  
We're try not to show how frightened we are  
If you love me I'll protect you however I can

You've got to believe it'll be alright in the end

Fighting, because we're so close  
There are times we punish those who we need the most  
No, we can't wait for a saviour  
Only got ourselves to blame for this behaviour

And nobody knows whats gonna happen tomorrow  
We're try not to show how frightened we are  
If you love me, if you are the only star in the night

You've got to believe it'll be alright in the end  
You've got to believe it'll be alright again
