This dream lasts forever
It goes on and on (it goes on and on)
This dream lasts forever
It goes on and on (it goes on and on)
[chorus]
I want your special smile
A smile in this crowd (in this crowd)
I want your special smile
A smile in this crowd (in this crowd)
Images calling me away
To a place I never knew before
Images calling me away
To a place I never knew before
Here in the present
We reach for the past
Here in the present
We reach for the past
The rest is unreal
The act was committed
A name was uttered
Showing off our weakness
And our fever
Waiting in vain
Our confusion
The senseless consequences
All I ever do is take it easy (take it easy)
All you ever do is make it harder (make it harder)
For one moment I understood
A blur of features
[chorus]
Sleeping and dreaming
We search for a soul
Imitate and emerge in
One place[?]grave and some piece of land
Carry out our adventure
To the end of our lives
Settled in the distance
Consolation of sin
Confess yourself beaten
Consolation within
I want your special smile

In this crowd (in this crowd)
I want your special smile
A smile in this crowd
This dream lasts forever
It goes on and on (goes on and on)
This dream lasts forever
It goes on and on
