baby
yeah
yo look we need to talk
about what?
i mean i just don't know what's up with us right now
what now?
maybe we just need some time apart
what did i do? is there someone else?
shh just listen

all i wanted was to be with you girl
tell me was i asking for too much
right now i'm feeling so confused girl
i wish i never fell in love (oh)
i know we've had our shares of ups and downs
did everything we could to try to work things out
nobody to blame the feeling's mutual
girl you know we tried so lets not fight it no more
this may be the last time that i see your face
this may be the last time that we embrace
all of the life support has got me losing my mind (my
mind)
girl you know it's killing me cos i think about the flatline

you gotta know when to fold them
you gotta know when to throw the towel in (you gotta
know)
you gotta know when the one you're with is better of as
a friend
and i know sometimes we stay when it's best we go
(best we go)
and i know nobody wants to be alone
when you really love somebody it's hard to let go
when you really love somebody it's hard to let go
but you gotta know

don't wanna see you crying no more
don't wanna hear another slammed door
baby i could've been a better man
but i swear i'm trying all i can (no)
i guess all i gave ain't good enough

and this is why we're breaking up
nobody wants a broken heart
but i think it's better if we're apart
this ain't the way it's suppose to be
damn it hurt so bad gotta let it out
(oh oh oh oh oh oh)
you gotta know

you gotta know when to fold them (yeah)
you gotta know when to throw the towel in (you gotta
know)
you gotta know when the one you're with is better of as
a friend
(ooh baby and i know)
and i know sometimes we stay when it's best we go
(when it's best we go)
and i know nobody wants to be alone (oh)
when you really love somebody it's hard to let go
when you really love somebody it's hard to let go
but you gotta know

(oh oh whoa)
when you really love, really love somebody
(oh oh oh oh)
hurt so bad gotta let it out
(oh oh oh oh oh oh)
you gotta know

you gotta know when to fold them (when to fold them)
you gotta know when to throw the towel in (oh i'm
throwing the towel in)
you gotta know when the one you're with is better of as
a friend (you gotta know)
and i know sometimes we stay when it's best we go
(when it's best we go)
and i know nobody wants to be alone (all alone)
when you really love somebody it's hard to let go
when you really love somebody it's hard to let go
but you gotta know
