Her voice, I can still hear it, all in my head
I can still hear the way, she said
When she said she's leaving
Her tears, I can still feel em all in my hands
I can still see them where I stand
In her pain, I'm drowning
I, I only have myself to blame
Don't tell me that it's too late
I think about you night and day

Yes I heard you, I know
Yes I made my mistake
Next time I wont let pride in the way
I will stand by your side and I'll stand till it's right
There's no way it should end this way
Just don't walk away

You're on the other side of twon
I wonder what you're thinking now
I never meant to break you down
Or cause you frown
Just one more day
Without you by my side
I swear it's gonna make me die
I need you to turn around

Girl, yes I heard you, I know
Yes I made my mistake
Next time I wont let pride in the way
I will stand by your side and I'll stand till it's right
There's no way it should end this way
Just don't walk away

Ohh, don't walk away
Ohh, don't walk away
Ohh, don't walk away
Ohh, don't walk away

I need you
Ohh, I need you
Ohh, don't walk away
Ohh, don't walk away

Yes I heard you, I know
Yes I made my mistake
Next time I wont let pride in the way
I will stand by your side and I'll stand till it's right
There's no way it should end this way
Just don't walk away

Ohh, don't walk away
Ohh, don't walk away
Ohh, don't walk away
Ohh, don't walk away
