So stare into the sun  
The fields are turning blue  
It's clear to everyone  
Who you've been talking to

Go on refuse to dream  
Cold world of endless need  
My little dragonfly  
On dark wings you come to me

Waiting for the sun to shine  
Waiting for the light to find  
And it's taking all I know

To give it up and let it go

No truth I can explain  
No sense in talking to  
Flames take another one  
I see I'm smoking too

Go on refuse to see  
In dark clouds the ravens weep  
My little dragonfly  
On dark wings you come to me

Chorus (x3)
