The night is always young  
Count the visions that you see  
Violent blue and shocking green  
Seek the course that must be run  
Strip the image from the sun  
It's deeper than you've ever been

Watching, waiting for the night to fall  
(For the night to fall)  
Wanting, wailing for the shadow call  
(For the shadow call)  
Dreaming, screaming, hiding all that's true  
(Hiding all that's true)  
You are looking for the shadow pool

The days are always long  
And the pitch is just a dream  
Your eyes just seem to bleed  
When the truth is hard to find  
Jealousy fills your mind  
It's deeper than you've ever been

Watching, waiting for the night to fall  
(For the night to fall)  
Wanting, wailing for the shadow call  
(For the shadow call)  
Dreaming, screaming, hiding all that's true  
(Hiding all that's true)  
You are looking for the shadow pool

Watching, waiting for the night to fall  
(For the night to fall)  
Wanting, wailing for the shadow call  
(For the shadow call)  
Dreaming, screaming, hiding all that's true  
(Hiding all that's true)  
You are looking for the shadow pool
