Yeah I wanna go
Where the freaks go
Somewhere way down low
Yeah I wanna be wasted
Burnt down
Where the wick burns brightly

Goodbye my friend
You'll never be down again
Goodbye my friend Yeah
You'll never be down again

Yeah I used to wonder why
You wanted to live and die every day
Yeah you couldn't be
The bright winged butterfly
Black wings on a black sky

Chorus

And I wonder
Oh why Oh why
Yeah (Oh why)
Oh why

What I forgave put my ass on the line
Lies came to life that truly blew my mind
I trusted you
I paid hell to get through (x4)

Goodbye my friend
You'll never be down again
Goodbye my friend
