Like sorrow sweet sorrow  
Sure to find my heart tomorrow  
She waits for love to borrow  
and anyone will do  
All faceless all nameless  
Lost inside and all so shameless  
So innocent and blameless  
I haven't got a clue

She's my blackened dove  
Never ever had much belief in love

She's my blackened dove

Onto me right through me  
Plays her part like a b rate movie  
She sinks her claws into me  
I don't seem to care

Endeavor forever  
Loss of love no ties to sever  
I guess I'm not too clever  
Lost inside her stare
