There is something we should not forget.
Even if you felt sadness and bitterness.
We promised that we'd live with all our might.
And our dream will surely grow up.
Oh it won't stop

I will keep singing on.
'Cause I forget the precious things right away.
We promised that we'd live with all our might
Why don't you sing together with me?

Your next story is waiting for you.
If you stop, your story won't continue.
The next story is waiting for you.
Waiting for you to smile again.

Oh I think it's a miracle that tomorrow comes.
All I can do in life is sing to the full.
I will keep singing.
Wishing it's raching you!

Waiting for you to smile...
Waiting until you smile again...

Your next story is waiting for you.
If you stop, your story won't continue.
The next story is waiting for you.
Waiting for you to smile again,
Waiting until you smile again!
