(Burt Bacharach / Hal David)

Find me a rose that never fades and dies
And I'll show you a man who never, ever cheats and
lies
Find me a star and if you can prove
The star you've found just never disappears
I'll show you a man who'll never, never, ever, ever bring
you tears

Another night when I'm all alone
Another night without him
Another night when I stay at home
And worry so about him
Oh, I love him
And my love makes me cry
I need him
If he doesn't come back
I know I'll surely die

Find me a cloud that never brings you rain
And I'll show you a man who never, ever brings you
pain
Find me a bird and if you can prove the bird you've
found
Has wings and still can't fly
I'll show you a man
Who'll never, never, ever, ever leave you high and dry

Another night when I'm all alone
Another night without him
Another night when I stay at home
And worry so about him
Oh, I love him
And my love makes me cry
I need him
If he doesn't come back
I'll die

And he'll never, never, never, never leave you high and
dry

Another night when I'm all alone
Another night without him
Another night when I stay at home
And worry so about him
Another night
Another night, yeah
I'm so alone baby
Another night
I can't stand it, ah
I can't stand it
