(Trevor Horn)

(Ooh, ooh, baby blue)
(What's wrong with you?)
Ooh, yeah
Getting back to business, baby
Just believe in me
Forget the things the wise men say
That's our philosophy

(I want you now)
I've got the feeling you want me, too
(Show you how)
Oh, oh
Gonna catch a shaft of light
Shine it in your eyes
Gonna see what's on your mind
Before you realise

(I want you now)
I've got the feeling you want me, too
(Show you how)
Ooh, hoo

(Ooh, baby blue)
(What's wrong with you?)
You got me worn out trying
(Ooh, baby blue)
(What can I do?)
Why don't you let me through to you?, oh, yeah, oh

If I follow my desire
Come inside your heart
It would be impossible
To stop what we might start

(I want you now)
I've got the feeling you want me, too
(Show you how), so

(Ooh, baby blue)

(What's wrong with you?)
You got me worn out trying
(Ooh, baby blue)
(What can I do?)
Why don't you let me through to you?

(Ooh, ooh, baby blue)
(What's wrong with you, baby blue?)
(Ooh, ooh, baby blue)
What can I do?

If I follow my desire
Come inside your heart
It would be impossible
To stop what we might start

I want you now
I've got the feeling you want me, too
(Show you how, ooh)
(Ooh, baby blue)
(What's wrong with you?)
You got me worn out trying
(Ooh, baby blue)
(What can I do?)
Why don't you let me through to you?
Ooh, baby blue
(What's wrong with you?)
You got me worn out trying
(Ooh, baby blue)
(What can I do?)
Why don't you try to let me through to you?
(Ooh, baby blue)
Oh, baby blue
(What's wrong with you?)
You got me worn out trying
(Ooh, baby blue)
(What can I do?)
Oh, baby blue
