(Wagner / Wickham / Napier-Bell)

Life never seems to get you down
You always seem so full of fun
Never feel alone
Don't need anyone

I always have to think of you
I need to know how much you care
Wonder where you are
I always need you here

Don't say you care
If you are going to hurt me
Don't tell me lies
'Cause I can see they're not true

Don't say you'll stay
If you are going to leave me
Don't speak of love
'Cause you know I'll always love you

You think I'd make your life my own
You think I'd stop you being free
Try to tie you down
And make you stay with me

I only want you as you are
I'd never stop you being you
Don't want you to change
All I want is you

Don't say you care
If you are going to hurt me
Don't tell me lies
'Cause I can see they're not true
Don't say you'll stay if you
If you are going to leave me
Don't speak of love
'Cause I know I'll always love you
Don't say you'll care

If you are going to hurt me
