(Samwell / Lynch)

He's got something
I don't know what but it's grand
I can feel it each time he touches my hand

When we walk
When we talk
Yeah
I feel so fine
He's got something
And it's mine, all mine

He's got something
I feel it each time we kiss
And he thrills me
Each time he holds me like this

When we part
Breaks my heart
I miss him so
He's got something
Only lovers know

He's got something
It's so fine
He's got something
Mine, all mine
He's got something
I miss him so
He's got something
Only lovers know
Yeah

He's got something
I don't know what but it's grand
I can feel it each time he touches my hand

When we walk
When we talk
Yeah

I feel so fine
He's got something
And it's mine, all mine

When we part
Breaks my heart
Yeah
I miss him so
He's got something
Only lovers know

He's got something only lovers know, oh
