(Talk it over)

(Talk it over)

You seem to think that everything is more important
than me, baby

As if to think my world would be lonely without you on
the scene

Oh, it's about time I moved up the ladder

Got to be number one or nothin' at all

Let's sit down, talk it over

Take that finger from your face

Look at me for goodness sake

Talk it over, hey, talk about it

I do everything I can to make life easy for you, baby

But you take me for granted

What is our love, our love comin' to?, oh

It's about time for us to have a talk

And maybe I'm not satisfyin' you boy

You gotta tell me 'cause this ain't right

Why ain't you oh-be holding me tight?

Let's sit down, talk it over

Take that finger from your face

Look at me for goodness sake

Talk it over, talk about it, baby

I said let's talk about it, baby

Ooh, talk about it, baby

Let's talk it over, yeah

Hey, talk it over

Hey, baby come on over here

Talk it over with me, baby, yeah

Hey, talk it over, baby

Talk, talk, talk, talk it over

Talk, talk, talk it over with me

Hey, talk it over
