(T. Faragher / D. Ironstone)

The way you walked in the room
Kindled a fire
And if you went to the moon
You couldn't get higher

Just like a thief in the night
I busted your steer
You turned to put up a fight
But I wasn't there

How does it feel?
Who needs permission?
How does it feel
When something's missin'?
Even your heart, it's under suspicion
You can't turn back and it's plain to see, oh, ho

With every step that you take
You'll be lovin' me sooner or later
'Cause when it comes down to fate
You'll be lovin' me sooner or later
Oh, oh, I know

You play that game of control
But take no position, mmm, mmm
You never let yourself go
A tragic condition
And by that look on your face
You love all the pleasure
Don't let this chance slip away
Why wait forever?

Everyone needs some love and affection
One of these days you're gonna listen
Take it from me, I'm not your no exception
And that's a solid-gold guarantee

With every step that you take
You'll be lovin' me sooner or later, oh

'Cause when it comes down to fate
You'll be lovin' me sooner or later
Oh, ho, I know

(With every step that you take)
You'll be lovin' me sooner or later, oh, oh
('Cause when it comes down to fate)
You'll be lovin' me sooner or later
Oh, oh

(With every step that you take)
You'll be lovin' me sooner or later, you'll be lovin' me
('Cause when it comes down to fate)
With every breath that you take
You'll be lovin', lovin', mmm
(With every step that you take)
