I never knew how good love could be
All I'd ever known was make believe
So many times I've played the fool
Baby, 'til I met you

Now everything has fallen in place
You can tell by the smile on my face
For every lonely tear that I've cried
I'm that much satisfied

We've got a fine, fine, very fine love
We've got a fine, fine, very fine love
You know it when you find one
Shining like a diamond
It's so fine, fine, very fine love

How did I ever live without your love?
It's the only thing I'm certain of
No matter what I'm going through
I know I can count on you

Am I precious to me every day
Life is better now in every way
You don't have to lay the world at my feet
You have made my world complete

We've got a fine, fine, very fine love
We've got a fine, fine, very fine love
You know it when you find one
Shining like a diamond
It's so fine, so fine, very fine love

I've got no apprehensions
You've got the best intentions
We've got a, we've got a
We've got a fine, fine, very fine love
We've got a fine, fine, very fine love

We've got a fine, fine, very fine love
We've got a fine, fine, fine love
We've got a fine, fine, very fine love
We've got a, we've got a fine, fine love

We've got a, we've got a fine, fine love
We've got a, we've got a fine
