When I'm away from you, boy
All I seem to do is cry
And then, when I see you, boy
My, how the time does fly

I don't know if you need and love me
(I don't know)
The way I love and need you
I hope that we can get together soon, real soon
(We can get together, baby)
(We can get together)

When I think about you, boy
Chills run up and down my spine
If my wish would come true, boy
I'd be with you all the time

Wrong or right, day and night
(Wrong or right)
I'm gonna miss you
And all my lonely heart seems to do
Is hope that we can get together soon, real soon
(We can get together, baby)
(We can get together)

Wrong or right, day and night
(Wrong or right)
I'm gonna miss you
And all my lonely heart seems to do
Is hope that we can get together soon

Ohh, hope that we can get together soon
Ohh, just hope that we can get together, baby
Hope that we can get together soon
(We get together, baby)
I hope that we can get together, baby
