[Verse 1]

When I cheated on sarah  
I couldnt bring my self to speak  
I couldnt sleep  
I couldnt conentrate  
I was weak  
I was strangled by guilt  
My heart with glass balls  
stone in my throat  
I acted like an asshole  
Sick to my stomach  
knowing I should burn in bed  
mad at myself  
I took it out on her instead  
Pushing it down  
beign nice just felt phony  
afraid of the phone ringing  
Not alone but feeling lonely  
Digging a hole  
Now that I got a taste  
I couldnt get rid of it  
what an idiot what a waste  
Paranoid and dissapointed  
Living a nightmare  
my every oppurtunity to wash my hands was right there  
When I cheated on Sarah  
there wasnt a star in the sky  
It was covered in clouds  
and I started to cry  
I was cold and I deserved to be  
hardened and worthless  
Windows painted shut  
rebel without a purpose  
Clowns smoking ciggarretes  
I think I thought I heard her name  
killing time with my hands  
waiting for the hurricane

[Chorus]

I'm tired out, pave the way, to low on gas to save the  
day

Slaves and outlaws king and pharoes, no tomorrow  
slings and arrows I'm tired out  
I'm tired out, make the bed, scream loud enough to  
wake the dead  
Light a match, break the bread, all I can do is shake my  
head I'm tired out

[Verse 2]

When Sarah found out I cheated on her  
everything went to peaces  
hatches were dug up  
my desperate words were meant for jesus  
I wanted to die  
the future wasnt awfly stable  
photographs burned while I stared at the coffee table  
The little dog laughed  
shaded the cealing fan  
words like broken glass this is what I really am  
Eye of the storm  
we passed damage back and forth  
cool of her to be so kind  
she said I made a fool of her  
I ruled the sand castle  
skeleton feeling mourn  
people were dying out and babies were beign born  
caught in the headlights  
the rest of the day coming  
I pulled in my sleeve while she begged me to say  
something

[Chorus]

I'm tired out, pave the way, to low on gas to save the  
day  
Slaves and outlaws king and pharoes, no tomorrow  
slings and arrows I'm tired out  
I'm tired out, make the bed, scream loud enough to  
wake the dead  
Light a match, break the bread, all I can do is shake my  
head I'm tired out
